

WittRock®

Medical Headboard

Ergonomic with a dynamic aesthetic, easy to install and easy to clean, it'd be a shame to call it a bed locator ... so we didn't!

Introducing the WittRock Medical Headboard

The WittRock Medical Headboard's hospitality-inspired design helps you achieve your design objectives while safely and ergonomically delivering data and electrical services to the patient care arena.

At a glance

- Orients the bed and protects the wall
- Delivers data and electric to the patient care arena: no bending or stretching
- Hospitality-inspired design; fluid shoulders
- Accommodates bariatric beds
- Seamless, one-piece cover easy to clean
- Clean and disciplined LED night light
- Completely customizable to match any décor
- Simple, quick and easy to install

Comprehensive bed orientation and wall protection ... with style

The WittRock Medical Headboard's smooth shoulder-less design accommodates bariatric beds, protects your walls and permits you to integrate virtually any color or design in the headboard. It can be equipped with normal power, emergency power and low voltage (data) provisions. Its angled sides enhance access while helping prevent damage to cords and connections during the administration of patient care.

Real ergonomic design – no bending, no stretching and no reaching

The electric and the data is now securely located in the healthcare provider's ergonomic strike zone, where you can easily access it. No more getting down on your hands and knees to plug in the bed or other critical medical technology.

Medical Headboard

The “No Falls” LED nightlight

The WittRock “No Falls” LED nightlight creates a path of illumination along the side of your patient’s bed, identifying potential trip hazards while virtually eliminating “light noise” or spillage on the bed’s surface that you risk with traditional bed location devices.

Easy to clean and easy to install

Durable and easy to install the WittRock Medical Headboard’s single outer section is robust and seamless making it easy to clean.

Technical Specifications
